Age - 32

Height - 181 cm

Weight - 62kg

Captain of the *Ascaria*. As revenge against her father who had her dishonorably discharged from the AEGIS navy, she commandeered her father's flagship and set off to join the gold rush of exoplanet colonisation.

AEGIS Prosthetic Arm Mk. VII "TARANIS"
(Electromagnetic Mass Driver)

Power Source Thorium Reactor

Ammunition Tungsten Microflechettes

Payload 55

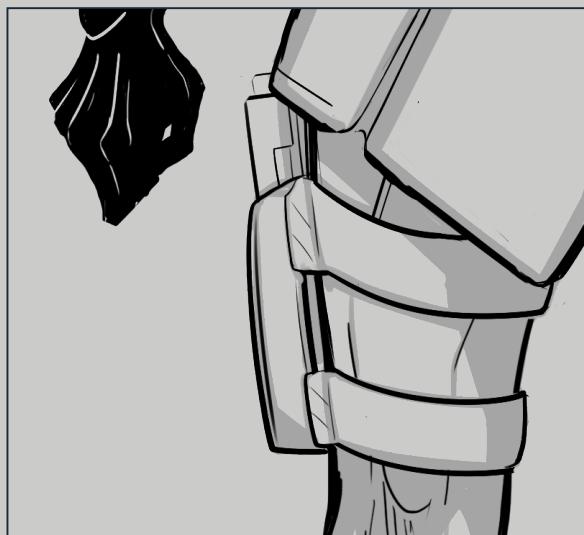

Firing Modes Low Power (Anti-personnel)
Full power (Anti-materiel)

Rate of Fire 0.5 rpm / 0.1 rpm

Neural Interface Extender

Spine implant that connects to vehicles/ ships to extend central nervous system, enhancing feedback and synchronisation for superior driving/piloting.

R & K .500 Magnum Special

While her arm removes the necessity for a conventional firearm, the pistol is a sentimental keepsake from the first ship under her command, the *Nesilai*.
